

WE ARE

HIRING!

The Punjab Affordable Housing Program (PAHP), funded by the World Bank, aims to improve the supply and quality of affordable housing in Punjab. The program promotes private sector involvement, strengthens housing policy institutions, deepens regulatory reforms, and supports climate-resilient and energy-efficient designs. We are seeking dynamic and committed professionals who are passionate about making a real impact. Join us in shaping the future of affordable housing in Punjab and be part of a transformative initiative that directly improves the lives of communities across the province.
